CONSENSO GLOBAL

Consenso Global provides languages services to other translation agencies for over 20 years.

Our permanent team of translators, proofreaders and project managers delivers translations with the quality control phases necessary to ensure the demanded quality. These may include translations with proofreading using the 4 or 6 eyes principle, special QA-checks, PDF verification before print and other additional quality controls.

When requested by our partners, we also manage complex multilingual projects with competence and dedication.
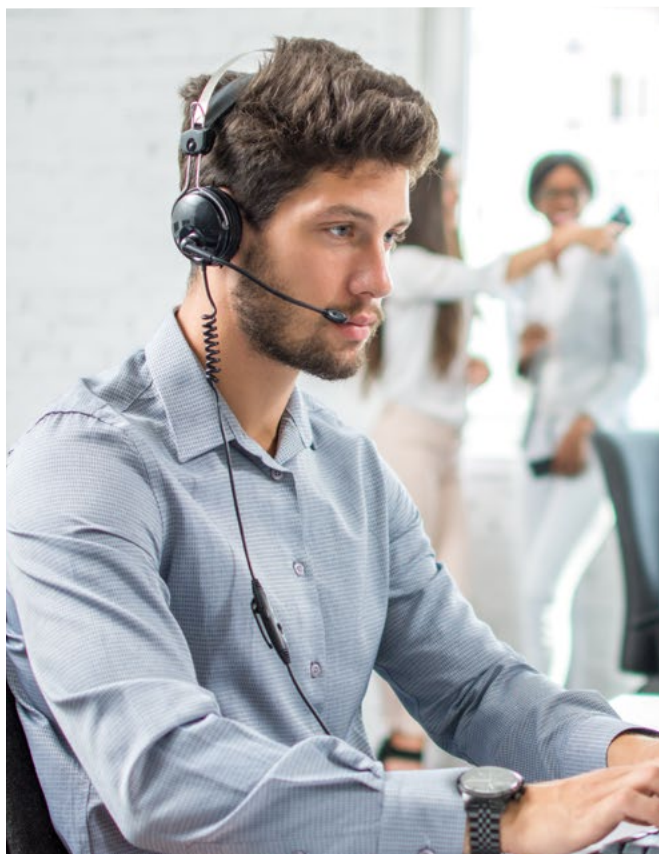

The strong combination of human expertise and state-of-the-art technical resources enables us to provide customers with tailor-made solutions.

Our experienced and proactive project managers ensure quality, punctuality and uncomplicated handling of translation projects.

CERTIFICATIONS

ISO 9001 and ISO 17100 certified, we are continuously optimizing our work processes to keep up with market changes and deliver the most efficient service.

TEAM & WORK PROCESSES

The translators and proofreaders have extensive experience in a borad range of CAT tools existing on the market.

To ensure sustainable consistency, we assign dedicated teams to our LSP partners and, for each account, we develop and maintain terminology databases and style guides.

Our standard processes and procedures are completed by specific work processes, quality controls and data security protocols.

The project managers use Plunet Business Manager® to achieve a high degree of safe automation, process integration and flexibility.

Do you have a particularly challenging project?
